The Bach that rocks!

BACH TO THE FUTURE is an exciting classical/jazz quartet, transforming famous classical melodies into jazz, latin, and other contemporary rhythms. The four musicians play cutting edge instruments, including the Drumitar, the MIDI electric violin, and synthesizers. They've sold over 100,000 CDs on their own label, Time Machine Records, and have shared the stage with David Sanborn, Peter Cincotti, the Rippingtons, Acoustic Alchemy, Al DiMeola, Stanley Jordan, David Benoit, Michael Franks, and the Yellowjackets.

In addition to concerts, the group performs master classes and music education clinics, and has several instructional books and CDs published by Mel Bay Publications. They are the house band on the WB Network's "The Fan Show."

Catch their new CD, "Bach to the Future," available now on Tower Records and iTunes. For more information, visit www.bachtothefuture.net. Bach to the Future – the Bach that rocks!
